

# Alberta's Fast Growth 50 for 2014

The definitive list of Alberta's fast-growth champions

In January 2014, Alberta Venture magazine released the list of the Fast Growth 50 companies in Alberta. Q'Max Solutions has previously made the list in 2008, 2011, 2012 and is proud to be on it again.

The list is produced annually by Alberta Venture and KPMG LLP and recognizes growth oriented businesses in Alberta. These Alberta companies are evaluated and ranked on revenue, assets, profits, head count, along with other criteria. The list is comprised of many diverse companies from a number of different industries. Q'Max Solutions continues to grow, and our success will continue to be evident in 2014.
